

I chose this linear art design because I have always thought stained glass looked cool and just have wanted to make one so I made it like a stained glass design. Also, this isn't super difficult and just really simple. Other than those reasons the only other reason I did it like this is because I thought it would look really cool

- $y = \frac{2}{1} X - 11$
- $y = \frac{-2}{3} X - 9$
- $y = \frac{-2}{2} X + 4$
- $y = \frac{2}{1} X + 10$
- $y = \frac{-3}{1} X + 10$
- $y = \frac{3}{2} X + 1$
- $y = \frac{1}{2} X + 6$
- $y = \frac{-4}{1} X - 9$
- $y = \frac{3}{1} X + 3$
- $y = \frac{-2}{2} X - 6$
